The 'Okina, Autograph Collection Hotel

The 'Okina - What's In A Word

Of the 13 characters that make up the Hawaiian alphabet, the 'Okina is the only one that isn't spoken. It is the exception; the break in the cadence of the Hawaiian word

The 'Okina is powerful. It's a unique character—an exception—both to its own alphabet, and to other languages in the world

It has the power to change the meaning of the word
